ARENA SCHOOL

FOR FAMILIES

What your child *makes, learns and keeps.*

Hands-on programs where your child builds something real with AI, with mentors beside them.

Demo day, Beijing, 2026

01 What your child does

And where we have run it.

Workshops & intensives

Two to five days: launch a real product, then pitch it.

At your child's school

International School of Beijing · Bodley Academy

Five-day student programs

Year-long mentorship

One project, 1:1, at their own pace.

Weekly check-ins, hybrid

International School of Beijing

ISB alumni continue here

Parent talks

How AI is changing work and college.

At your child's school

PTA

Parent talk, ISB PTA

02 Skills your child builds

Three skills in every program, and the practical ones.

Agency

Choose what is worth doing.

Taste

Judge whether it is actually good.

Craft

Finish it so people can trust it.

PRACTICAL SKILLS

- **Building with AI**
- **Talking to users**
- **Pitching**
- **Research and judgment**

03 What they walk away with

Milestones and work that help with school and college applications.

1 Launch	2 Traction	3 Revenue	4 Impact	5 Recognition
A working product at a public link	Users from outside their circle	First income from paying users	Many users, press, or a final	A national win, or a company

WHAT THEY KEEP

- **A live product**
- **A documented record**
- **People who know their work**
- **Experience presenting it**

Admissions decisions rest with each university; we do not promise an outcome.
