ARENA SCHOOL | A MEMBER OF ANTHROP\C OpenAI

WHAT IS ARENA SCHOOL

Hands-on AI programs for students, teachers, *and families.*

Workshops, intensives, year-long mentorship, and staff training, by a team from Harvard, Caltech, Tsinghua, and Y Combinator.

Demo day at the International School of Beijing, 2026

01 | Why now

54%

of U.S. students said they used AI for school in 2025, up more than 15 points in one to two years.

02 | Who we serve

Each audience and what they come for.

Students

Want real AI skills and work to show. They launch a product.

Workshops · mentorship

Educators

Want confident staff and safe use. Each makes a classroom tool.

Sessions · workshops

Families

Want their child ready for AI-era work. 1:1 mentors help.

1:1 mentorship · parent talks

Career

Want an edge for internships and jobs. They ship a live product.

Bootcamp

PROGRAMS RUN AT

International School of Beijing · Bodley Academy · Tsinghua University · Schwarzman Scholars

03 | What learners actually do

The same three moves in every program.

Learners decide. AI builds. Real people judge.

Choose a real problem
And pitch it in three minutes. (Agency)

Test with real users
And judge which version works. (Taste)

Launch and explain it
At a live link, every decision defended. (Craft)

Four strands, assessed on every project: Inquiry and planning · Research and evaluation · Creating and communicating · Collaboration and reflection

COACHED BY A TEAM FROM

Caltech · Harvard · Brown · Tsinghua University · International School of Beijing · McKinsey&Company · Goldman Sachs · Y Combinator · Microsoft AI · Deloitte. · KIMI

Bring Arena to your school.

Planned with your team, run on your campus. Your teachers keep the materials.
